

# Data Logging Solutions

Data logging devices from Lascar electronics

 **KEMPSTON**  
CONTROLS

 **LASCAR**  
electronics

**STOCKED &  
COMPETITIVELY  
PRICED**

Give our dedicated sales team a call on 01933 411411 to discuss your needs.

## What is a Data Logger?

A data logger is an electronic device that will record data either constantly or at set intervals over a predetermined period of time. It does this via a built-in sensor or using external instruments.

## Industrial Capabilities

Vaccine Storage | Pharmaceutical Cold Chain | Food Safety | Food Cold Chain | Museums | Housing & Business Premises | Environmental

## Direct from Kempston Controls

For more information, get in touch with our dedicated sales and technical team on 01933 411411 or email us at [sales@kempstoncontrols.co.uk](mailto:sales@kempstoncontrols.co.uk).

# Highlighted Products

## EL-USB-2-LCD

Temperature & RH Data Logger  
with USB & LCD Display

Applications such as: Museums |  
Environmental | Agriculture

## EL-SIE-6+

Temperature, Humidity & Pressure  
Data Logger with USB & Cloud

Applications such as: Secure  
Locations | Indoor Environments

## EL-SGD 43-ATP

Panel Mountable Four-Channel  
Temperature Data Logger

Applications such as: Automation &  
Control | Process | HVAC

## Cold Chain Range

Compact & Lightweight  
Temperature & RH Data Loggers

Used in transport of: Chilled |  
Frozen | Pharmaceutical | Ripening
